A CHARITABLE FOUNDATION OF THE MEDICAL SOCIETY OF DELAWARE

The Delaware Foundation for Medical Services (DFMS) provides support for organizations that serve those in need of health care services. **Our purpose since 1992 is to make sure that all people in Delaware have access to the care they need. Your Charitable Contribution helps us to continue helping these programs!**

Some examples of what we have supported:

The Voluntary Initiative Program (VIP): A network of about 600 statewide doctors who volunteer to provide no cost, or reduced cost, services (in their offices) to uninsured people.

Here is how we are helping;

"... we are deeply grateful for the unwavering support we've received from the DFMS over the years. Thanks to this grant funding, financial pressure on our organization is eased and we can focus our resources where they matter most: directly on our patients. Because of DFMS, more individuals in our community continue to receive the vital medical and dental care they need and deserve."
