

PAWS Pet Therapy Brings

How your gift can
make a difference with
PAWS for People:

\$10 provides a short leash to allow a person we visit to "assist" in walking a PAWS therapy pet.

\$25 provides supplies and training for a PAWS pet therapy team to engage with elders in memory care.

\$50 provides materials and training for a PAWS pet therapy team providing our Autism program.

\$100 provides a PAWS DeStress session or mental health support visit through a community center, school, or library.

PAWS for People's volunteer pet therapy teams visit hospitals, eldercare facilities, schools, libraries, prisons, mental health facilities, and other settings throughout Delaware in addition to participating in over 300 community events each year.
