

You Can Change a Child's Life.

- ♥ **\$100**
Helps meet a child's immediate daily needs—comfort, care, and essentials.
- ♥ **\$300**
Gives a child tools to communicate, learn, or feel safe.
- ♥ **\$800**
Brings comfort and progress through therapies and critical resources.
- ♥ **\$1,500**
Restores independence with specialized equipment and mobility support.
- ♥ **\$5,000+**
Transforms a home into a safe space for a medically fragile child.

Your gift meets real needs - when families need it most.

A Mission Rooted in Compassion

Tender Hearts is dedicated to helping Delaware's children with complex medical needs.

We step in when families are overwhelmed, resources are limited, and critical needs go unmet.

Because every child deserves safety, dignity, and care—no matter their circumstances.

Tender Hearts welcomes volunteers all year round—your time and compassion can make a difference every day.

Stronger Together

We proudly partner with Nemours Children's Hospital, United Way of Delaware, Easter Seals, Ronald McDonald House, and other community organizations to ensure Delaware's children receive the care and support they deserve.

When a Child is Fighting for Their Life...

We Show Up.

The Need is Greater than Most Realize

Families of medically fragile children face overwhelming challenges every day.

Insurance often denies or only partially covers essential equipment and services—leaving families to fill impossible gaps on their own.

Families are Facing

- ♥ Wheelchair and medical equipment costs in the thousands
- ♥ Homes that are not accessible or safe
- ♥ Constant emotional and financial strain

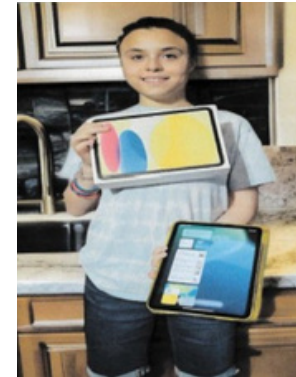

Tender Hearts serves as the bridge between what insurance covers and what a child truly needs to live safely, comfortably, and with dignity.

This is How We Help

- ♥ **Adopt-A-Family**
Holiday support with food, clothing, and gifts for families in need.
- ♥ **Beads of Courage**
Helping children process fear and anxiety during medical procedures.
- ♥ **Early Learning Support**
Providing school supplies and normalcy during long hospital stays.
- ♥ **Milestones**
Celebrating treatment progress, birthdays, and moments that matter.
- ♥ **Smile Events**
Bringing joy to hospitals through music, crafts, and special experiences.
- ♥ **Mobility Program**
Restoring independence through equipment and home modifications (ramps, lifts, adaptive bikes, and more)

Because every child deserves more than just treatment—they deserve joy, dignity, and a life they can live.

Real Children. Real Impact

Emily has Autism: Her one of many learning tools is an iPad with various software especially created for children with Autism. Tender Hearts provided a brand new device for her continued learning.

Sadie was born with Spinal Muscular Atrophy type 1. Thanks to Tender Hearts, providing her a wheelchair ramp, she can be more mobile with assistance.

Nasir has cerebral palsy, epilepsy and is legally blind. Thanks to Tender Hearts, Nasir now has a wheelchair enabling him to enjoy a better quality of life.
